

Job Title: Director of Mitigation and Emergency Services

Job Summary: We are seeking a highly skilled and experienced Director of Mitigation and Emergency Services to lead our disaster restoration company's efforts in responding to and mitigating damages caused by natural disasters, accidents, and emergencies. The successful candidate will be responsible for overseeing a team of mitigation and emergency services professionals, managing budgets, making contingency plans, and ensuring quality services are delivered to our clients.

Responsibilities:

- Develop and execute strategies to ensure the effective delivery of emergency services to clients.
- Manage and direct the mitigation and emergency services team to ensure quality work and adherence to safety standards.
- Assess damage and determine the scope of services needed to restore the property on very large losses.
- Create and manage departmental budgets and timelines and ensure that all projects are completed within budget and on time.
- Collaborate with the business development team to ensure the effective marketing and promotion of the company's mitigation and emergency services.
- Maintain and expand relationships with clients, vendors, and insurance providers.
- Ensure that all services provided comply with industry standards and regulations.
- Develop and implement emergency preparedness plans and train employees on emergency procedures.
- Monitor and evaluate the effectiveness of services and implement improvements where necessary.
- Ensure that all work performed meets quality standards and that customers are satisfied with the services provided.

Qualifications:

- A degree in business management, emergency management, or a related field is not required but is helpful.
- Minimum of 7 years of experience in disaster restoration and emergency services.
- Excellent leadership skills and the ability to manage a team of professionals.
- Strong analytical, problem-solving, and decision-making skills.
- Excellent communication and interpersonal skills.
- Knowledge of relevant regulations and industry standards related to mitigation and emergency services.
- Strong organizational skills and the ability to manage multiple projects simultaneously.
- Ability to work under pressure and meet tight deadlines.
- Valid driver's license and willingness to travel when needed.
- STRONG people skills is a must.

If you are a dynamic, experienced, and passionate leader with a track record of successful emergency services management and restoration, we encourage you to apply for this exciting opportunity to lead our Mitigation and Emergency Services team.
